

# The World's Best Grip is in your reach! More Independence with SafetyGrip®

## Grab, Hold, and Feel the Difference

- **SafetyGrip®** was developed in conjunction with KITE, the world's #1 ranked research facility for complex rehabilitation science
- **SafetyGrip®** is a patented interlocking grip surface that compensates for the weaker hand strength that comes with disability, illness or aging
- Molds to your palm for a firm grip, even in wet or soapy environments
- Antimicrobial
- Rust-resistant
- Easy to install & easy to clean
- Economical

*"As we grow older almost all of us will have greater difficulty standing and moving around...The SafetyGrip® line of products is how we adapt our homes without bringing in construction crews... It feels great to keep our independence."*

**Geoff Fernie, CM, PhD, FCAE,**

Chair in Prevention & Healthcare Tech, Dept of Surgery, Uni of Toronto Rehab Inst
