

Warnings and Cautions for Hercules Poles

ATTENTION!

It is known that all products carry some risks of injury or death. HartMobility Inc. has made every effort to minimize these risks and other hazards, but it is impossible to eliminate them all. Therefore, the consumer is responsible for using our products with common sense and taking into account the overall physical and mental capabilities of the users. **Before installing** or **using** any HartMobility product, read all the accompanying literature and instructions.

IMPORTANT:

If you are installing this Hercules Pole for use beside a bed please follow this before you start:

- If the Pole will be closer than 12-1/2 inches (318mm) to the side of the bed after installation you will also need the Pole Retention Strap Kit (Strap) included with this Pole. Also included with this Strap are Additional Warnings and Cautions for Bedside Poles and Additional Installation Instructions that must be followed.
- If the Pole will be away from the side of the bed more than 12-1/2 inches (318mm) then you will not need this Strap and you can continue with the Steps that follow.

WARNING!

- When installing the Hercules Pole, there is always a risk of Entrapment between it and the furniture, fixtures and other objects. The user and installer must be aware of this and safely install the Hercules Pole to eliminate this risk.
- Individuals with certain physical or mental conditions, or those under the influence of drugs or substances, that could affect their balance or judgment, are at a higher risk of injury. Such individuals should consult with a physician before using this product.
- It is important that you carefully read and understand all the materials accompanying this product before installation or use.
